Mr. John P. White
Vice President
Rand Corporation
1700 Main Street
Santa Monica, California 90406

Dear Mr. White:

Thank you very much for the list of possible research topics. After a review by those most concerned, I must report that we have no current requirements. If this situation should change, we will be in touch with you. I understand [] plans to write separately on his reaction to the "product improvement" suggestion contained in your letter of 31 March.
